

MADRID

ON-OFF-CAMPUS PROGRAM

INTERNATIONAL WEEK

Dear friends

The Faculty of Engineering & Architecture of Universidad Francisco de Vitoria (Madrid, Spain) is happy to invite you to our International Week, which runs from October 16th to 19th, 2023.

Our International Week is aimed at Professors and Researchers from Engineering and Architecture Faculties. We are eager to meet colleagues from universities across the world to share our academic experience and ideas, exploring ways in which we can collaborate in the future.

In order to facilitate a collaborative working environment, we have prepared a dynamic program that combines the perfect balance of both on-campus and off-campus cultural activities.

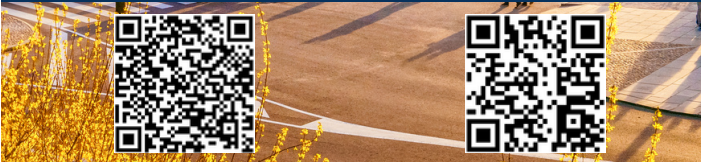

For further information, please do not hesitate to contact us at iw_eps23@ufv.es.

UFV-EPS INTERNATIONAL WEEK 2023

Website

Registration form

On campus you will enjoy workshops, round tables, a VIP tour of our university and One-on-one coffee conversations with colleagues.

Off campus you will value the guided tours to Madrid and Toledo

TO REGISTER

COST: Participation fee and registration: 170€ (VAT included).

This fee includes the full program of social and cultural activities and lunches (Monday to Thursday).

The fee does not cover travel, insurance or accommodation costs.

We suggest you to come under the framework of Erasmus+ non-teaching (STT) mobility.

Deadline: September 3rd, 2023
