

BIP: Clinical Reasoning in Physiotherapy

Welcome to Universidad Francisco de Vitoria!

Why Clinical Reasoning?

Clinical reasoning is one of the clinicians' main competence and probably the least developed in undergraduates.

PTJ: Physical Therapy & Rehabilitation Journal | *Physical Therapy*, 2022;102:1-4

Advance access publication date July 4, 2022
Point of View

OXFORD

Clinical Reasoning: The Missing Core Competency in Physical Therapist Education and Practice

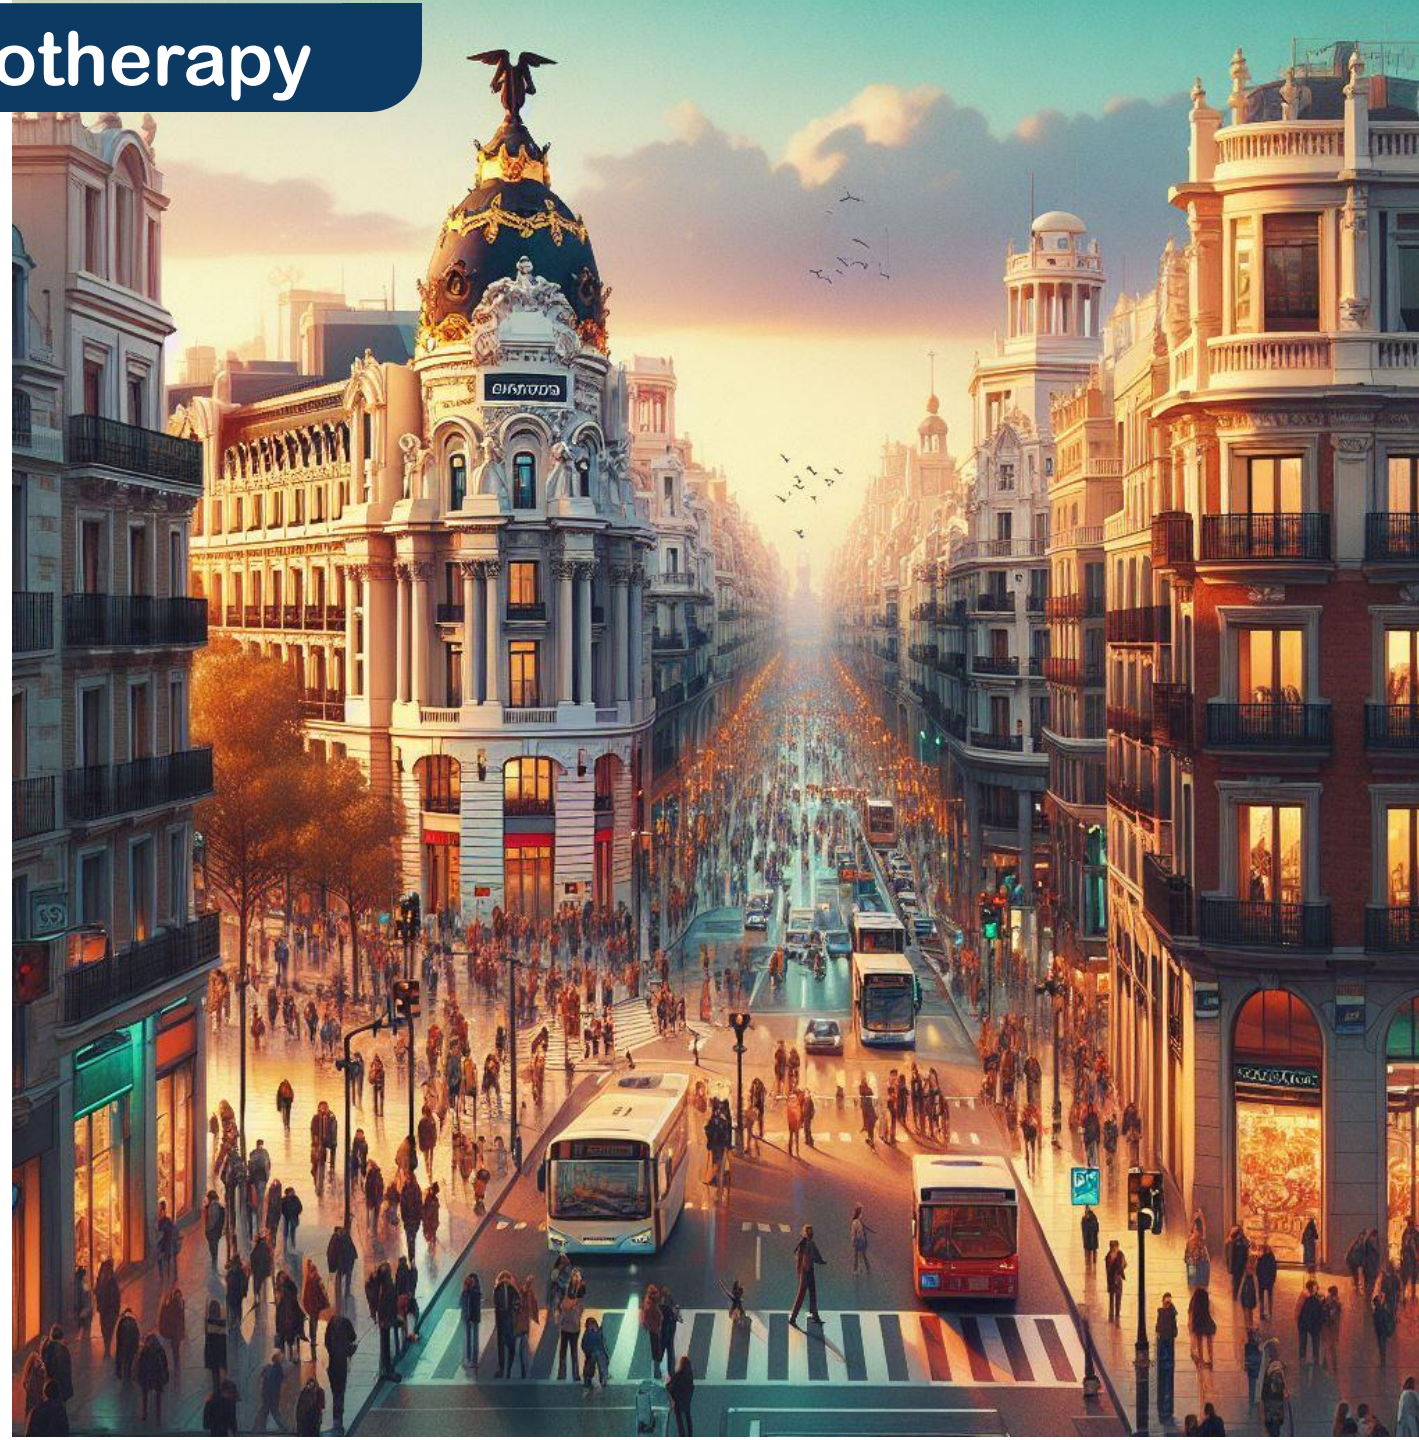

Jennifer A. Furze, PT, DPT, PCS, FAPTA^{1,*}, Lisa Black, PT, DPT¹, Amy W. McDevitt , PT, DPT, OCS², Kara L. Kobal, PT, DPT³, Steven J. Durning, MD, PhD, MACP⁴, Gail M. Jensen, PT, PhD, FAPTA^{4,5}

UFV will organize a BIP which is going to tackle this challenge by trying to bring added value to existing trainings offered by the Higher Education Institutions.

Physical Mobility

Madrid, June 3rd – June 7th, 2024

Physical Mobility

Madrid, June 3rd – June 7th, 2024

- Masterclasses
- Workshops
- Teamwork and oral presentations
- Clinical simulation (1 day)

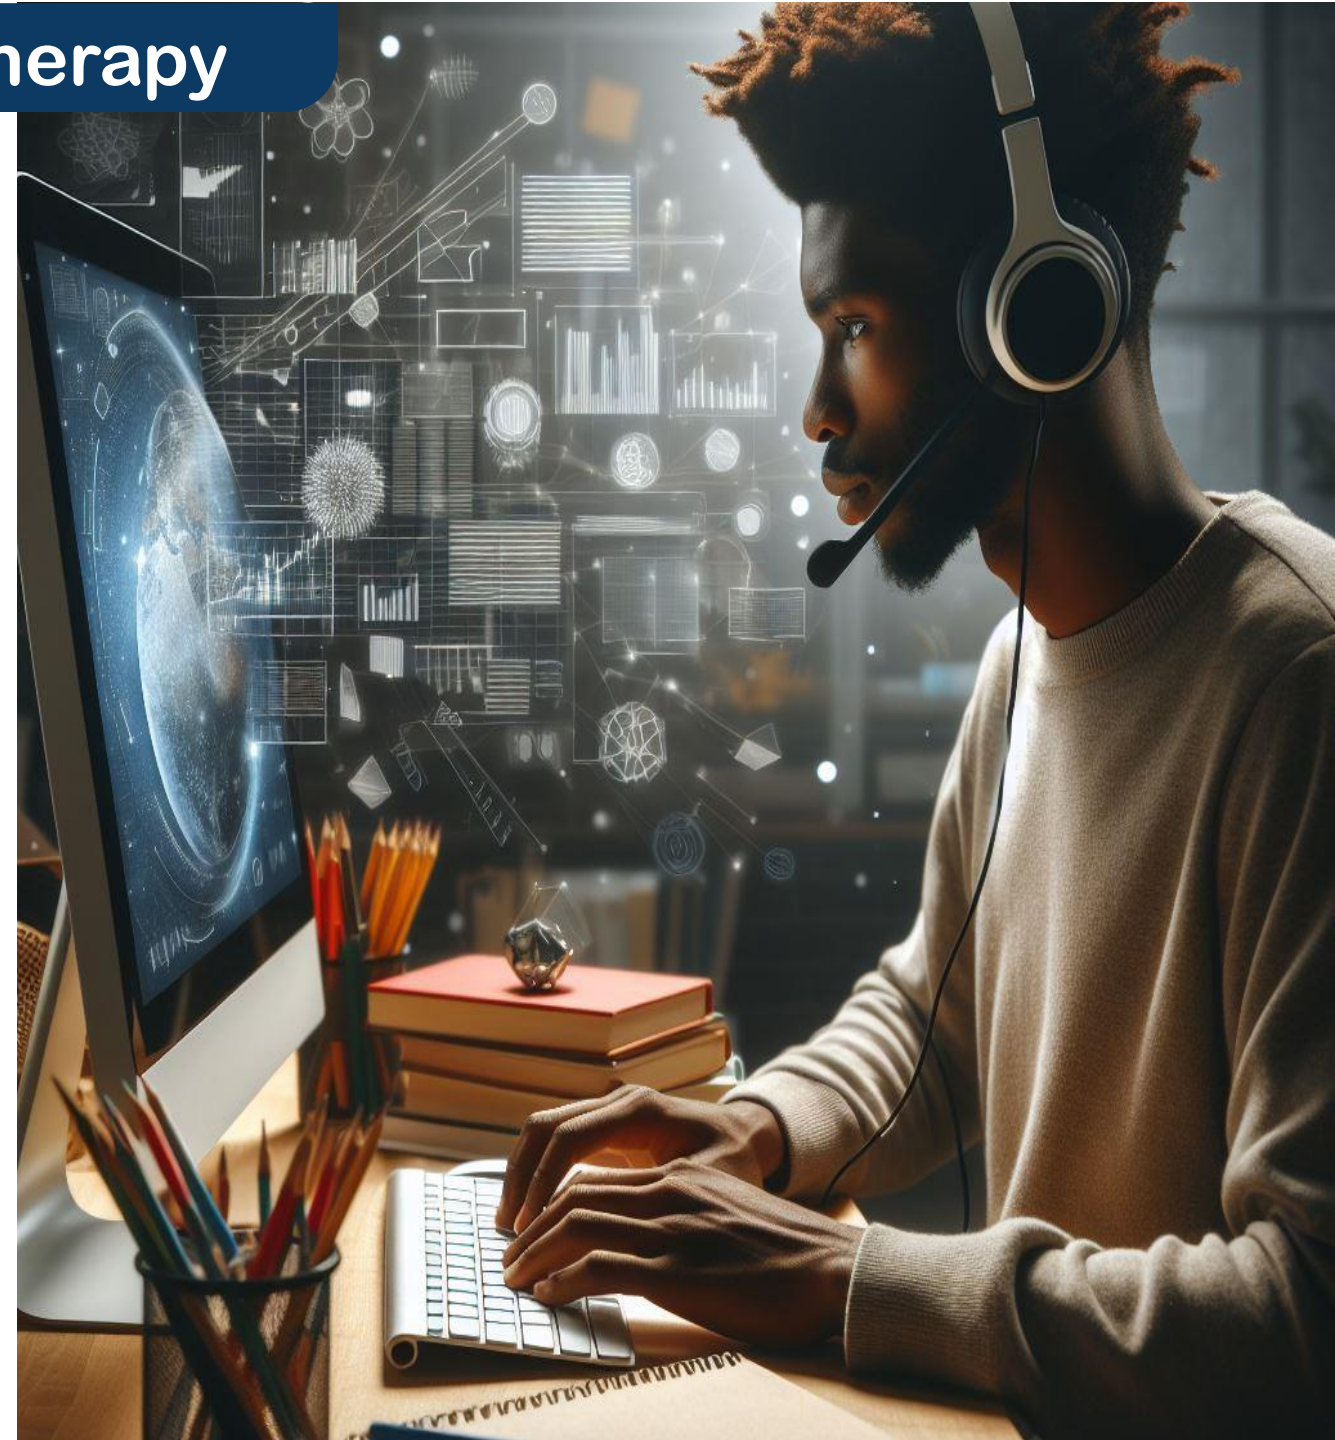

Virtual Mobility

Masterclasses, teamwork

1 Online session or task/week

6th– 31st of May

Masterclasses

- Introduction to clinical reasoning: the missing competence in undergraduates
- Clinical reasoning in LBP
- Clinical reasoning in craniocervical pain management
- Clinical reasoning in shoulder pain management
- Clinical reasoning and multidisciplinary approaches

Workshops related to Clinical Reasoning

Virtual Reality

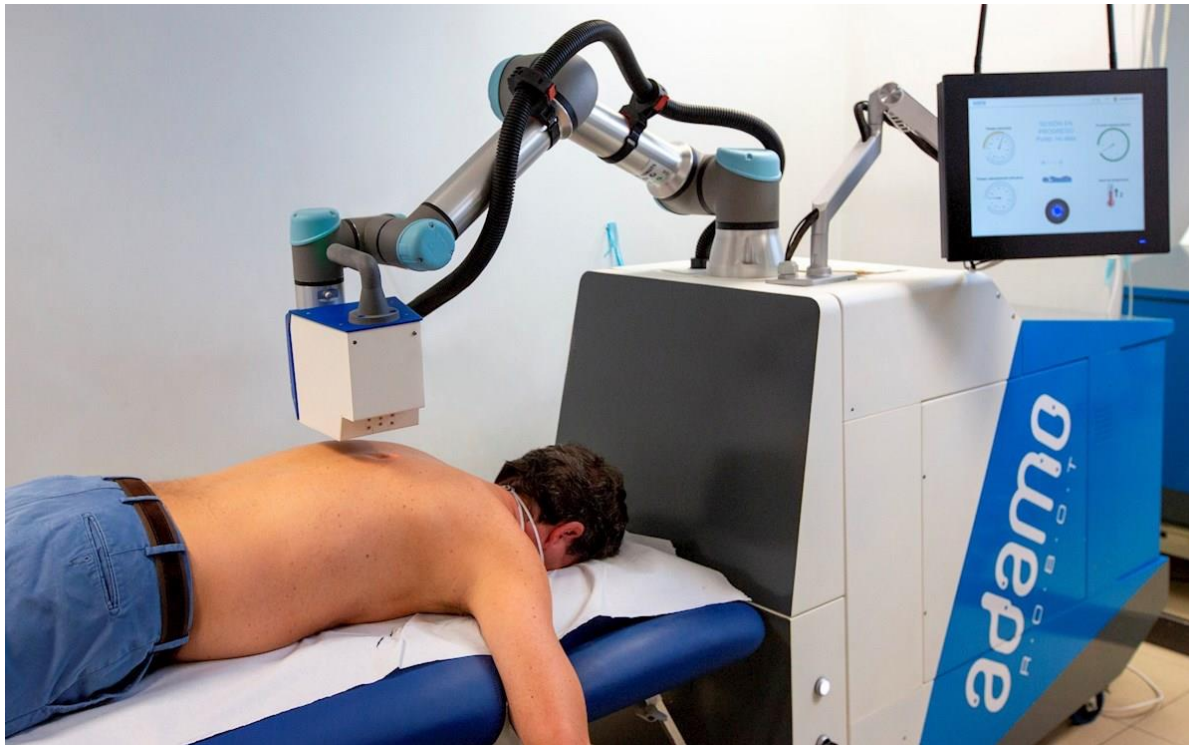

Anatomical dissection

Workshops related to Clinical Reasoning

Robotics (ADAMO)

Ultrasonography

Clinical Reasoning in Clinical Simulation

UNIVERSIDAD FRANCISCO DE VITORIA

CENTRO DE SIMULACIÓN CLÍNICA AVANZADA

Coordinator and receiving institution

Partners from Finland, Czech Republic
5-8 students/1-2 teachers from each institution
